

0-3 MPH in 30 SECONDS

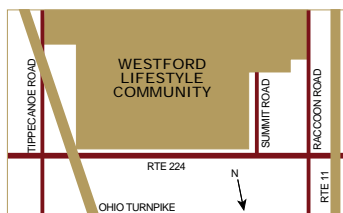

Cruise Westford to your heart's content in your very own golf cart.

At Westford, you can purchase your own golf cart and keep it in your garage. Use it at Kensington Golf Club, tool around the neighborhood or just cruise up to exclusive shopping and dining venues.

Owning your own golf cart is just one of the unique aspects of Westford Lifestyle Community. There are many more. For example, every residence is equipped with a free security system.

And speaking of residences, you'll find many quality housing choices, from luxury homes to villas and condos. All have access to the golf course, shopping, dining, clubhouse and a planned assisted living facility. You could even have your office within walking distance in the Westford professional center.
